With the proposed razing of the annex, an era will be ending. Thousands of students have passed through it's doors over the years making good use of the building for over fifty years. This has also been a year with many hours spent by the administration and faculty planning the changes to be made in the school plant. The school will be remodeled extensively in order for us to meet the standards of the Life Safety Code. Much of the construction will take place during the summer.

Natrona County High School welcomes you as students and hopes to provide you with the finest educational experience possible.

Administrators And Students Work For Change

Mr. Brannan, in his new position as activities co-ordinator, finds the change of pace as well as the variety of demands on his time quite different from those of science department chairman. A position he held for nine years.

Mr. Bush and Mr. Schott seem to find their time occupied in giving assistance to Mr. Reese and in performing various administrative duties.

Ms. Drew, as girls' counselor has such responsibilities as handling absences and discipline problems.

Nearly two thousands students are served by the four counselors of NCHS. Each student has an assigned counselor whose function is to help him with educational scheduling and planning in high school, as well as post-high school possibilities, testing and scholarships. Vocational guidance and assistance with personal and school problems are also available. Additionally, counselors work with teachers, parents and various community agencies on behalf of the students.

Mr. Amend, whose hobby is falconry, is shown with one of his hawks that he has nursed back to health.

Distributive Education Trains Employees

A. Robert Adams
Department Chairman

One of the high lights of the year for the Distributive Education Clubs of America is the annual employer-employee banquet which was attended by over 110 NCHS held at the Ramada Inn. This year was the 7th annual banquet. DECA members give the banquet as an expression of appreciation for providing training and jobs.

English Curriculum Varied

Three major films were rented by the English Department this year for showing to the student body: **ALL THE KING'S MEN**, **THE RED BADGE OF COURAGE**, and **THE THREE WORLDS OF GULLIVER**. In addition, cuttings from **OUR TOWN** were presented by the members of the Drama II class.

Steps were taken this year to improve co-ordination between the Natrona County High School English Department and the Departments of English at the University of Wyoming and Casper College. NCHS faculty members met with the head of the department from the University and members of the Casper College English faculty. Informal discussions concerning mutual goals and methods of achieving them proved valuable to all.

ROTC Military Minded

Preparing young men and women to undertake the responsibilities of military leadership in future years is an objective of the ROTC department at NCHS. Military discipline is an important factor in the training of each cadet, which involves raising and lowering the flag each day, standing guard at many school functions, and conducting military maneuvers in anticipation of the Federal Inspection held in the spring of each year.

PE Develops New Curriculum

Students in the physical education department are introduced by the highly competent faculty to many sports which were unavailable to them in the lower grades. Basketball, football and wrestling, the traditional sports, are now accompanied by such uniquely unavailable sports as swimming, cross country, skiing and gymnastics. All sports, whether new or familiar, are keyed to the development of a healthy physical condition.

Girl's sports are now becoming widely recognized in the state and much effort has been expended to provide schedules and tournaments for them. A new curriculum is being developed to be put into effect at such time as the new physical education facilities become available.

Bus Ed Offers Job Training

The business education department has been working the past year to better the student's understanding of their future involvement in the business world. The students are offered a wide range of courses which will help them in selecting possible careers or to use them for personal gain as a member of the consumer world.

Math Uses Modern Concepts

The NCHS math department offers a four track mathematics curriculum. Courses range from pre-algebra to calculus. Computer science is also offered to seniors with trigonometry backgrounds. Our success is directly proportional to the diligence of the student. One of our department goals is to continue to serve the interest of the genuine student of mathematics.

Nurse, Secretaries, Aides Important To NCHS

Nurse

As usual the pace in the office has been hectic this year. We have been helped considerably during the second semester because Mrs. Wait has been able to work full-time answering the phone, posting absences and working at the counter. Mr. Crocker has made a valuable contribution as our administrative intern.

After twenty eight years of employment with the school district, eleven years in the business office and the past seventeen years as Mr. Reese's secretary, Mrs. Stella Dunn will retire on June 1st. Mrs. Dunn's accomplishments are too numerous to mention. Suffice it to say that a lot of people are going to have to learn to do a lot of tasks that they have never done before that we have taken for granted. We will really miss Mrs. Dunn for all she has meant to all of us.

(OPPOSITE PAGE, CLOCKWISE)
Homecoming started off in the afternoon with the Powderpuff football game. The juniors and sophomores defeated the seniors 14-0. The cheerleading role was reversed with Mike Gaviotis, Steve Milam, Rand Bochmann, Jordy Reeves, and Jim Valencia acted as cheerleaders for the Powderpuff game. At Homecoming Festivities

“Lo, Saturnalia”! “Hail, Caesar”!

Such expressions rang down the third floor hall in the Annex as Mr. Swaton's second year Latin class put on several programs for various classes. In a Christmas program, Tony Tripeny classically orated the Roman contributions to our Christmas rites. Later in the year, Tal Hauffe, in a play composed by Stewart Anderson, humorously portrayed Caesar ending Gallic attempts at independence.

Finally the class probed Casper, looking for the Roman architectural influence in the city.

Special events of the NCHS Orchestra year were the Christmas and spring concerts, and the spring musical. Audience favorites were "Sleigh Ride" at Christmas, and in the spring, "British Grenadiers", a Bicentennial salute. The musical, "No, No, Nanette" was the climax and the most rewarding work of the year.

No, No, Nanette

Welsh and musical director Robert Bovie the NCHS Players and Orchestra presented one of the most spectacular Broadway successes of the early 1970's, a modernized version of the prize winning musical, "No, No, Nanette." Troupe #1 Of International Thespians Still Holds Top Spot At NCHS

Continuously active and enthusiastic, Troupe #1 of International Thespians Society, the NCHS Thespian group this year elected top honors as best actor and actress to Tom Rosenberger and Abbe Wells.

Over 85 members attended the May Spotlight Dinner where the awards were distributed by Thespian Sponsor Mr. John Welsh. He indicated that interest in Thespian activities has not waned over the years, that the activities this year include over 200 juniors in the Follies, and around 80 members of the play and musical casts. Mr. Welsh said that a total of about 400 students are related to drama in some way or other before the year is out.
